CAEN

# GANIL COMMUNITY MEETING 2022

## SECOND CIRCULAR

---

The second GANIL Community Meeting will be held October 17-21, 2022 in the [MOHO](#), in the city center of Caen (France).

The purpose of the meeting is to bring together the whole GANIL community to discuss and define coherently the future research programs at GANIL for the next 3 years. Presentations will be organized to debate both the intended experimental and theoretical programs related to GANIL.

The meeting will be organized in sessions covering the following subjects : FAIR data management, beam developments, instrumentation needs, theory, interdisciplinary research prospects, cyclotron refurbishment, S3 day-1 experiment, DESIR and NFS campaigns.

An overview of the status of the infrastructures (accelerators, spectrometers and instrumentation) will also be given.

Registrations are now open <https://gcm2022.sciencesconf.org/registration>.

The dead line is the **9<sup>th</sup> of September 2022**.

### **Abstract submission for poster:**

A poster session will be organized. We encourage you to submit one-page contribution in the above-mentioned areas of physics before July 11 when registering. You must have an account on sciencesconf.org to do so. The Scientific Organizing Committee will select the poster contributions beginning of September.

### **Program:**

The preliminary program is now available on-line:  
<https://gcm2022.sciencesconf.org/program>

### **Social events :**

A welcome cocktail is scheduled on October 17 at the Moho  
The conference dinner will be held on October 20, a shuttle back and forth from/to the Moho will be organized.

**Hotels and venue** are available [on line](#).

More information will be soon available on our website: <https://gcm2022.sciencesconf.org/>

**Important dates :**

July 11:                deadline for abstract submission for poster  
September 9:        registration closed

**Scientific Organizing Committee : GUEC**

Silvia Leoni, University and INFN Milano, Italy (chair)
